PROJECTS

Project Title: Cinephile Central

Github link: https://github.com/BullHamund/New_York_Times-Square.git

Deployed link: https://BullHamund.github.io/New_York_Times-Square/

- We created an app that serve as one-stop shop for all movie fans. With one search users can discover movie reviews from top critics and free streaming.
- I designed and built the front end for a search, result and detail page for a movie review site. I also consumed New YorkTimes api, used JQuery, to retrieve search results and render the UI. In addition, I used OMDb api to fetch imdb id that was used to retrieve free streaming api.
- HTML, CSS, Bootstrap, JavaScript, JQuery, JSON
